

WELCOME TO LUVERNE HIGH/MIDDLE SCHOOL

The policies and procedures contained in this Parent/Student Handbook are the result of a concerted effort on the part of the faculty and the administration. These policies cover all students and are approved by the Board of Education.

The educational opportunities offered in Luverne represent a tremendous investment in building, purchase and maintenance of equipment, staff salaries, and other expenses. Help preserve and protect the investment; make it your job to help protect school property.

Read carefully your Parent/Student Handbook. The rules and regulations contained in this book have been adopted by the School Board and govern the conduct of all students.

ACADEMICS & INSTRUCTION

MAKE-UP WORK

If students are absent **one day** because of illness, no arrangements will be made to receive make-up work. If students are absent **two or more consecutive days** because of illness, parents are encouraged to call for make-up work. Calls should be made by 10:00 a.m., and homework may be picked up at the attendance office between 3:05 - 4:00 p.m. or later by appointment.

Students are expected to make up work in a **timely** manner. As a general rule, students have one extra day to complete work for each day that they had an excused absence. Students who miss class work as a result of an unexcused absence will not be allowed to receive credit on assignment(s) / assessment(s) from the day and class in which the unexcused absence occurred.

Make-up work from pre-approved absences (including school-related activities) is due upon returning to class unless other arrangements have been made in advance with the teacher.

POST HIGH SCHOOL ENTRANCE

College entrance varies from school to school. However, most four-year colleges are recommending a minimum high school curriculum consisting of:

4 years of English	4 years of Mathematics	2 years of Fine Arts
3 years of Science	2 years of Foreign Language	1/2 year of Computer Science
3-4 years of Social Studies		

Students should check each college catalog for specific college admissions criteria. Some vocational-technical courses require specific background requirements. Check with the counselor concerning specific course requirements.

The following are five major personal qualities, which colleges and vocational schools are seeking in their applicants:

1. **INDUSTRY.** A teenager who has really worked hard to produce in any field has started the priceless habit of sound achievement.
2. **INTEGRITY.** High principles and reliability are often evidenced by participation in church or youth groups, or by willing assumption of family or community responsibilities.
3. **INITIATIVE.** The ability to start or facilitate the beginning of something. Can often look beyond the ordinary to start something extraordinary.
4. **ENTHUSIASM.** Youthful eagerness and "that glint in the eye" consistently tip the scales for applicants.
5. **CONCERN FOR OTHERS.** Weighing their choice among closely matched applicants, college admissions officers ask the following: To what degree has a boy or girl displayed a health concern for other people?
How can students develop these plus values? Post high admission officials offer these practical suggestions:

GOOD MARKS ARE IMPORTANT. Achieving below one's real abilities can become a permanently destructive habit, leading to lifelong mediocrity. Students who postpone serious study until their final year, likewise, handicap themselves. College admission selectors look for "more than one year of good solid work."

FORM REGULAR STUDY HABITS-THE SOONER THE BETTER. Every freshman takes to college the study habits he practiced in secondary school years. Parents have an inescapable responsibility to instill sound work practices at home.

GET USEFUL EXPERIENCE THROUGH JOBS.

HAVE HOBBIES - AND MAKE THEM MEANINGFUL.

IF YOU HAVE AVERAGE ABILITIES AND ARE WILLING TO WORK, THERE IS A COLLEGE OR VOCATIONAL SCHOOL FOR YOU.

High school students who plan to register for the premedical, pre-dental, or engineering programs for a major in mathematics and/or science, should be informed that units in higher algebra and solid geometry are required, for example, in the engineering program.

TESTING PROGRAM

Principals, counselors, and teachers to secure valuable information in aiding the student in making the correct decisions for future planning use standardized tests. Our testing program includes Newsela, Pre-ACT, ACT and MCA's in grades 6-11.

CREDITS, GRADING SYSTEM AND REPORT CARDS

Grading Standards

4.000 = A	2.000 = C
3.670 = A-	1.670 = C-
3.330 = B+	1.330 = D+
3.000 = B	1.000 = D
2.670 = B-	0.670 = D-
2.330 = C+	0.000 = F

All students in grades 9-12 must take a minimum of six classes per semester. Band and choir are included in the six classes.

Progress reports will be distributed every three weeks during the students Flex period. Report cards will be given to the student, or mailed home each quarter.

Important to note, when calculating GPAs, we do not round up beyond the thousandth place

HONOR ROLL

Honor Rolls are announced at the end of every nine-week period.

1. "A" Honor Roll: Students grade point average must be a 3.670 or above.
2. "B" Honor Roll: Students grade point average must be a 3.000 or above.

GRADUATION

Twenty-one and a half credits and successful completion of state testing, or completion of a prescribed IEP are needed for graduation. **Students not meeting graduation requirements will not participate in the graduation ceremony.**

Graduating Seniors earning a cumulative GPA of 3.500 or higher from 9th grade through the first semester of 12th grade will receive gold ropes for the graduation ceremony.

Students graduating with the following GPA will be awarded the following honors.

Summa cum laude:	3.900-4.000
Magna cum laude:	3.750-3.899
Cum laude:	3.500-3.749

INCOMPLETES AT THE END OF A GRADING PERIOD

1. It is the responsibility of every student to keep up in each class and to make up work, which has not been completed. If a teacher feels that a student has fallen too far behind, the teacher should make the student's parents aware of the situation by phone or email immediately.
2. If a student does not complete the work or is making no effort to complete assignments, the student may be removed from the class and placed in a study hall. Any student dropped from a required class will be allowed to take the class the next time it is offered.
3. All work is expected to be completed by the end of each three-week grading period unless there are extenuating circumstances that warrant an extension.

FAILURES

All students failing a required course must repeat the course. Middle School students who have not passed at least two core classes (English, Social Studies, Science, and Math) in a grade will be considered for retention of the grade.

COURSE DROP

Students carrying 7 subjects may drop a course and add a study hall up to the end of the first quarter of the semester (first and third quarter). The course dropped will be dropped from their permanent record. If the student drops the course after the first quarter of the semester, an "F" will be applied to their transcript. A counselor or the high school principal, on a case-by-case basis, may submit an appeal where special circumstances should be taken into consideration to waive this policy. Students carrying only 6 subjects are not allowed to drop a course, as the minimum required class load is 6 subjects.

GRADE CLASSIFICATION

1. Every student in grades 9-12 is required to take a minimum of six classes per semester. The credits a student must have earned to be classified and to be entitled to the privileges of each grade are as follows:

Grade 9	=	4 full year classes
Grade 10	=	4.5 credits
Grade 11	=	9.0 credits
Grade 12	=	13.5 credits
Graduate	=	21.5 credits

2. Any student who does not pass the required subjects in any academic area will not be allowed to take the advanced courses in that subject area. If a student fails a course, he or she should meet with the Principal or Counselor immediately to discuss options.

ACADEMIC AWARDS

In most extracurricular activities (i.e. athletics, music and drama) individual achievements are frequently publicized in local newspapers and letters displayed as a sign of outstanding achievement. Since schools are in the business of providing a comprehensive education in all academic areas, it is important and appropriate to recognize students for outstanding academic achievement.

The following standards will be used as the criteria to determine which students will be eligible for academic recognition:

Students in grades 9-12 who maintain a B+ average (3.330) each of the first three grading periods will receive an award. Students in grades 9-12 will receive a letter for a first time qualifier or a chevron if they have previously qualified. Such awards are given to the academic achievers at the academic awards ceremony.

THE NATIONAL HONOR SOCIETY

Sophomores, juniors and seniors are eligible for selection to The National Honor Society. To be eligible for consideration the student must maintain a B+ or 3.250 grade point average. Students are rated in four areas: leadership, scholarship, service and character. A faculty committee makes the final selection.

ACADEMIC DISHONESTY

Plagiarism is using another person's words, ideas, or work without properly citing your source. It can be either intentional or unintentional. The following are examples of plagiarism:

1. Using another writer's words without citation. If you use someone else's words (even just two or three significant words), you must put the words in quotation marks and cite your source with footnotes or parenthetical citation with a works cited list. Even using quotation marks alone is plagiarism unless accompanied by a citation.
2. Using another writer's ideas without citation. Your instructor should be able to tell which ideas are your own, and which ones you read elsewhere. In some cases, it is OK to integrate opinions of other experts as long as you cite the material that is not yours. This includes paraphrasing, or putting the ideas in your own words, which must also be cited.
3. Borrowing another writer's sentence structure or phrasing. It is easier to borrow someone else's structure than to come up with your own, but this is also plagiarism.
4. Borrowing another student's outline to write your paper or using all or part of another student's paper.
5. Purchasing an essay online or having someone else write all or some of your paper.

ATTENDANCE

A. PHILOSOPHY

Learning is enhanced by regular attendance. The entire process of education requires continuity of instruction, classroom participation, learning experiences and study in order to reach the goal of maximum educational benefit. This is a well-established principle of education which underlines and gives purpose to the requirements of compulsory education in Minnesota and every other state in the nation.

Absence from school can never truly be made up. Poor attendance reflects in grades and student learning. Success at school requires, like success at any job, promptness and dependability. Regular attendance at school is one of the most important items that will be recorded in your permanent record at Luverne Public Schools. In some cases it can be the deciding factor in securing a job you want, or in getting accepted at a school you want to attend.

B. RESPONSIBILITIES

- **Student's Responsibility:** It is the student's right to be in school. It is the student's responsibility to attend all assigned classes and study halls every day that school is in session and to follow the correct procedures when absent from an assigned class or study hall. Therefore, it is also the student's responsibility to be familiar with all the procedures governing attendance. Finally, it is the student's responsibility to request any missed assignments due to an absence and to make up work in a timely manner.
- **Parents' or Guardians' Responsibility:** It is the responsibility of the student's parents or guardian to encourage the student to attend school, to inform the school in the event of a student's absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

- **Teacher's Responsibility:** It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to avoid confusing the students. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parents or guardian and the student to solve any attendance problems that may arise.
- **Administration's Responsibility:** It is the administrator's responsibility to encourage students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students. It is also the administrator's responsibility to maintain accurate records on student attendance and to publish a legible list of the previous day's absences, stating the status of each. Finally, it is the administrator's responsibility to inform the student's parents or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat §120A.22 and Luverne Independent School District, the students of the school districts are REQUIRED to attend all assigned classes every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

C. STUDENT ABSENCES AND TARDINESS

1. **Absence-** A student is marked absent if he/she misses more than 15 minutes of any class period.
 - a. **Excused Absence-** The following list of items are what constitutes an excused absence:
 - i. Illness, injury, or hospitalization of the student. If the number of absences is considered "excessive" by the building principal, a doctor's note may be required to be considered an approved absence.
 - ii. Medical, dental, orthodontic, counseling and other professional appointments (not haircuts, etc.) which cannot be scheduled outside of the school hours. Upon return from appointments, students shall provide the high school office with verification of such appointments.
 - iii. Family emergency, serious illness of family member or death in the family.
 - iv. Religious holidays.
 - v. Mandatory court appearances.
 - vi. Conditions beyond the student's control, such as fire, flood, storm, etc. This would include inclement weather conditions, but not the following; missing the bus, not catching their ride to school, oversleeping, traffic conditions, or car problems.
 - vii. Family trips taken with a parent if the principal or designee has approved the trip in advance. A maximum of five (5) days throughout the school year will be excused. Approval must be obtained from the principal at least five (5) school days prior to the absence.
 - viii. Compliance with any provision of a disabled student's Individualized Education Plan (IEP) or Section 504 Accommodation Plan.
 - ix. Work at home - cannot exceed four (4) occurrences per school year and may not be used the last 5 days of a grading period. Any absence for this reason beyond four (4) will be considered unexcused. Missing school to go to a job outside of the home is not considered excused (rare exception may contradict this but at a minimum must be approved prior with the building principal).
 - x. Any pre-approved absence which, in the principal's opinion, will provide educational value to the student. Approval must be obtained from the principal at least five (5) school days prior to the absence.
 - xi. Religious instruction not to exceed three hours in any week.
 - xii. Active duty in any military branch of the United States.
 - b. **Exempt Absence-** The following list of items are what constitutes an exempt absence:
 - i. Participation in school-sponsored event. This would include attending state tournaments in which Luverne is a participant provided verification of attendance is provided upon return.
 - ii. Suspensions
 - iii. College visits for seniors (two absences during the year; any additional will be considered an excused absence contingent upon verification being provided by the student).
 - iv. College visits for juniors (one absence during the year; any additional will be considered an excused absence contingent upon verification being provided by the student).
 - c. **Unexcused Absence-** Any absence which does not fall under any of the excused or exempt categories will be considered unexcused. Sleeping late or oversleeping is not considered an excused absence. Additionally, an absence will be considered unexcused unless a written note by the parent or parental phone call stating a valid reason is provided to the building administration within two (2) school days of returning to school. An example of this would be if a student misses on Monday and returns to school on

Tuesday, the student would have until 8am on Thursday to have this absence addressed or it would stand as unexcused.

- 2. Tardiness-** A student is “tardy” if he/she enters class after the period was scheduled to begin and does not have a pass that has been signed by a staff or faculty member. A tardy is given if a student misses up to 15 minutes of a class. Students arriving to class any time after the bell has rung are asked to report to the office first to receive a tardy pass to be able to enter the classroom unless they have a pass from another teacher.
- 3. Seniors-** Each year it is necessary to inform seniors and parents of seniors that there is no such thing as a senior skip day. The State Department of Education does not allow for such an activity, and seniors who take it upon themselves to be absent will be required to follow the guidelines for unexcused absences and will not take part in the commencement exercise unless the time has been made up.

D. CONSEQUENCES FOR UNEXCUSED ABSENCES AND UNEXCUSED TARDINESS

Presence and participation are directly related to academic performance and are essential components of a sound education. Tardiness and unexcused absence reflect, among other things, a lack of responsibility and a lack of academic effort on a student’s behalf. Learning is inevitably lost when a student fails to fully attend class. Regular attendance not only provides the foundation for achieving success as a high school student, but also for achieving success as an adult in the working world. The primary responsibility for assuring that each student fully attends classes and acquires the knowledge and skills necessary for effective citizenship rests with the individual student and his or her parent/guardian.

Students who accumulate 10 unexcused absences in a particular course may be ineligible for course credit. Exceptions may be petitioned to the building principal.

1. Unexcused Absences

Unexcused absences may result in one hour of detention for every period missed. A maximum of 4 hours may be assigned for a full day missed. Failure to appropriately make-up detention time can result in an In-School-Suspension (ISS).

Students assigned detention, or In-School-Suspension (ISS) for unexcused absences or other severe attendance concerns may be ineligible to participate in any co-curricular or extra-curricular activity until all detention has been served.

2. Unexcused Tardiness

A student is allowed two tardies each nine weeks without penalty. The third time a student is tardy, they will be assigned detention for 30 minutes. A fourth tardy will be 30 minutes. A fifth tardy and beyond will be 1 hour of detention. Failure to appropriately make up detention time can result in an In-School-Suspension (ISS).

After School Detention (a maximum of 1 hour can be served in a day)

When: after school Monday-Thursday from 3:30-4:30

Where: a designated teacher’s classroom (rotate every 2 weeks)

Lunch Detention (a maximum of 30 minutes can be served at a time)

When: during lunch

Where: separate room by the lunch room

E. NOTIFICATION

Every student will be given a copy of this attendance policy at the start of the school year by way of the student handbook, whether it be a digital or paper copy.

F. TRUANCY- ROCK COUNTY HUMAN SERVICES SCHOOL TRUANCY PROCEDURES POLICY IS AS FOLLOWS:

1. Students in grades 6-12 will be allowed 10 excused absences per semester class. Absences will be called in by the parents/guardians. Any student surpassing the 10-day maximum for a class will receive an unexcused absence for each subsequent absence. After 7 excused absences an “Awareness” letter is sent home to inform parents. When a student reaches 10 excused absences a “Maximum” attendance letter is sent home and a meeting with school officials is scheduled.
2. Students that exceed the maximum can be considered excused if they visit a physician and receive a note stating the child’s ailment, or the district nurse deems the student unfit to attend. Other extreme situations, properly communicated with the school officials, may warrant an excused absence. After 4 unexcused absences an “Attendance” meeting will be set up with school and county officials. During this meeting we will discuss questions, concerns, interventions and any additional student support services that may be available. We will also talk about attendance contracts and possible educational placement or setting if unexcused absences continue to be a

concern. If a meeting cannot be scheduled the district attendance officer/family services or probation officer will make a home visit to check-in with the family.

3. When 7 unexcused absences have occurred a referral to the County Social Services will be filed and a further meeting will be scheduled. County Services will outline possible outcomes that may take place after the matter is referred to the County Attorney's Office.
4. Luverne Public Schools require that all participants in all school sponsored activities be present in their 5th, 6th, and 7th period classes immediately preceding the staging or playing of events in which they are participants. This includes all contests, concerts, public performances and after school practice sessions. Exceptions will be made when students have unavoidable appointments that have been previously approved by the principal. If a student is gone on Friday, it will be the discretion of the school administration for the student to participate on Saturday.
5. Eighteen Year Old Students: Students 18 years of age or older must comply with the same school rules and regulations as younger students, according to state law (M.S. 120.06), which reads as follows: "The Board of Education of any school district shall provide free educational services to any person between the ages of 18 & 21 years and may require of that person adherence to rules and regulations applicable to students under 18 years of age." Therefore, a student may not write their own excuses if they are living in the parental home. Proof of legal emancipation from their parents/guardians will be the only exception allowed.
6. As required by current statutes, regulations of the State Department of Education, and the School Board of District #2184, students shall be in attendance each day that school is in session. The authority to decide whether an absence is excused or unexcused rests with the building principal. Students returning to school following an absence will be expected to complete all missed assignments within a reasonable period of time.

STUDENT CONDUCT

STUDENT RIGHTS AND RESPONSIBILITIES

In order to keep Luverne High/Middle School a safe and caring community, it is incumbent upon its citizens to assume responsibility in the maintenance of school discipline. Therefore, all students are required to participate and supply information in disciplinary investigations. In addition, students who are asked to supply private or confidential data concerning themselves will be advised (Tennessee Warning) of the intended use of the information if it is to be shared with other government agencies.

DAMAGE TO SCHOOL OR PERSONAL PROPERTY

Any student caught stealing, vandalizing, or trespassing in the school building or on the school grounds will be subject to pay any necessary restitution. The student will also be suspended from school up to five days, and a police referral when necessary. The student may also be subject to a Student Code of Conduct, affecting extracurricular activities. Level of consequence may be determined by building principal based on individual situations.

HARASSMENT AND VIOLENCE

Physical Assault/Fighting: The act which intentionally inflicts or attempts to inflict bodily harm upon another. Fighting by students against staff members or students is considered to be inappropriate for our school culture. The Principal or staff members will take immediate action to halt such behavior.

Minn Stat 609.341 Subd. 11 "Sexual contact"... includes any of the following acts committed with sexual or aggressive intent: I. the intentional touching by one person of the complainant's intimate parts; II. the touching by another person of one person's or another person's intimate parts; III. the touching by another of another person's intimate parts; or IV. in any case listed above, touching of the clothing covering the immediate area of the intimate parts.

HAZING

Hazing means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other purpose. Hazing includes physical brutality, an activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student. Any person who believes he or she has been the victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts to the building principal.

Corrective action for these violations includes suspension from school (could be one day up to long term depending on its severity), a police referral when appropriate, parent conference, and possible recommendation to the school board for expulsion. Level of consequence may be determined by building principal based on individual situations.

LANGUAGE, LITTER AND LUST

Through the efforts of representatives from the Board of Education, student body, teaching staff and administration, the following procedures for dealing with profane or obscene language, littering, and inappropriate show of affection has been developed.

Language: detention will be assigned for profanity. Possible suspension for repeat offenses.

Littering: All students and employees should make a conscious effort to place litter in appropriate receptacles.

Lust: Inappropriate signs of affection during the school day or at school functions shall not be tolerated.

THREATS AND DISRUPTIONS/WEAPONS POLICY

1. Dangerous Threats: Threats to normal school operations or school activities including, but not limited to the reporting of dangerous or hazardous situations that do not exist are unacceptable. Suspension or expulsion could result.
2. School Disruption: Any student who disturbs or interrupts the peace and good order of the school or school-sponsored activities will be subject to disciplinary action.
3. Weapons policy: WEAPONS No students shall possess a weapon when in the school building, on school grounds, or on any school-sponsored trip or activity. "Possession: refers to having a weapon on one's person or in an area subject to one's control on school property or at a school trip/activity.

Examples are: firearms, whether loaded or unloaded; knives, clubs, metal knuckles used in a threatening manner, numchuks, throwing stars, fire crackers and other explosives, stun guns, ammunition, chains, pellet guns, look-alike guns and other non functioning guns that could be used to threaten others.
Minimum corrective action shall include initial suspension for five days, confiscation of weapon, notification to police, parent notification, and when deemed necessary by administration a recommendation to the school board for expulsion. Further information may be found in District Policy Series 400.
- b. Articles designed for other purposes but can be used to inflict bodily harm and/or intimidate. Examples include, but are not limited to: belts, combs, pencils, files, scissors, compasses and letter openers.
At the discretion of the principal, consequences may apply.

A student who finds a weapon on the way to school or in the school building and takes the weapon immediately to the principal's office shall not be considered to possess a weapon.

NOTE: Minnesota State High School League rules may apply.

DANGEROUS, HARMFUL, AND NUISANCE SUBSTANCE AND ARTICLES

1. Alcohol & Drugs: Students are prohibited from using, possessing, distributing, or being under the influence of alcoholic beverages or illegal drugs or narcotics at school, school sponsored activities, or on school grounds. Students are also prohibited from distributing prescription drugs.

Possessing illegal substances, as well as drug paraphernalia, while in school, on school grounds, or a school sponsored activity will carry a minimum corrective action of a long-term suspension and/or recommendation to school board for expulsion, and a police referral. The student and parent(s) are required to attend a drug/alcohol evaluation and counseling before the student returns to school.

Having consumed illegal substances during or before arrival to school or school activities and still under the influence will carry a minimum corrective action of an initial suspension for three days, parent conference, and police referral.

Continuance of these violations will increase the discipline received.

NOTE: Minnesota State High School League rules may apply.

2. Tobacco: Tobacco use or possession by students is prohibited at school, school sponsored activities, and on school grounds. Consequences will be a minimum of detention time to Out-of-School-Suspension. **This includes all tobacco related devices such as e-cigarettes and vaporizing machines.** Police may be notified.

NOTE: Minnesota State High School League Rules may apply.

3. Harmful or Nuisance Articles: The possession or use of articles that are nuisance, illegal, or that may cause harm to persons or property is prohibited at school and school sponsored activities.

The principal and school staff members shall be alert for any possible student involvement with dangerous, harmful and nuisance substances or articles. When the principal or a member of the staff has reasonable cause to suspect that a dangerous or illegal substance or article is present in a school building, on the school grounds, at a school activity, or in the possession of a student, he/she shall investigate and take immediate and necessary action to safeguard person and property.

BULLYING

Bullying is conduct that interferes with a student's ability to learn and a teacher's ability to educate students in a safe environment. Luverne Public Schools will investigate, respond, remediate, and discipline those acts of bullying that affect the educational environment of the school.

Bullying means repeated behavior by an individual or group that is intended to cause the victim, or would cause a reasonable person of the same age as the victim, to feel frightened, or physically abused. Bullying includes, but is not limited to, conduct by a student against another student and has the effect of harming the student, damaging a student's property, placing a student in reasonable fear of harm to his or her person or property, or creating a hostile educational environment.

CYBERBULLYING

All students at Luverne Public School are entitled to a safe school environment. Therefore, all types of bullying, including cyberbullying, are unacceptable. Cyberbullying is sending or posting harmful or cruel text and/or images using the Internet or other digital communication devices. This generally occurs through the use of computers, cellular telephones and/or social media accounts(e.g. facebook, SnapChat, twitter, instagram).

Cyberbullying often occurs outside normal school hours, however, it is detrimental to school climate and can adversely affect student learning. Anyone who engages in cyberbullying, even outside of school hours, may be considered in violation of the bullying policy and subject to school discipline, as deemed necessary. This could include, but is not limited to, the loss of Internet/computer privileges, suspension, and/or a high school league code of conduct.

INSUBORDINATION

All students of Luverne Public School are expected to show respect to all adults who are working in the building. Failure to follow directions given by any teacher, administrator, or staff member will be grounds for insubordination and may result in a After School detention.

CELL PHONES/PLD'S

A personal learning device, or PLD, is described as one of the following: Cell/SMART phone, MP3 player, iPad, iPod, laptop, tablet, chromebooks or any internet-enabled device. A PLD may be used under the direct supervision of the classroom teacher and during class time per teacher discretion and instruction. LUVERNE ACTIVITIES

EXTRACURRICULAR ACTIVITIES

Luverne Public Schools has a wide variety of activities available for its students. Participation in activities is considered an extremely important aspect of student involvement in Luverne Public Schools. All students are encouraged to become involved in at least one extracurricular activity during each school year; however, it is advisable to limit participation rather than try to be active in too many activities. Success is not measured by the number of activities in which you participate; it is measured by the amount and quality of work you do in each activity with which you are associated.

Every student participating in extracurricular activities is expected to maintain satisfactory academic performance. It is the responsibility of the student, the parents, the teacher and the administrator to recognize the primary goal of education to be academic achievement. With this goal in mind, the school district has adopted the following policy concerning academic performance and school activities: **Any student who fails 2 or more classes during a three week academic period will be declared academically deficient.** The following restrictions will apply:

1. **First Academic Deficiency**

Academic Probation

For the next academic period, the student will be allowed to participate in practices, performances and interscholastic events.

2. **Second and subsequent Academic Deficiencies**

Academic Ineligibility

For the next academic period, the student will be allowed to participate in practices but will not be eligible for performances or interscholastic events. If deficiencies are corrected by the end of the academic period, the student will return to academic probation with the beginning of the next academic period.

3. **Deficiencies occurring during the final academic period of the year will result in a minimum of a two week period of ineligibility. This will continue until the student has either completed credit from summer school of at least one course, or passing grades in an academic period. If the student is successful at either time, they will be moved back to probation. If they are not successful with that then they will remain on the ineligible list.**

4. **Failure to attend study groups or homework rooms**

Any student who fails to attend the required number of academic study halls will be dealt with by the Activities Director. If the student is on a probationary status and fails to attend, the student will become **ineligible to compete** for the next academic period. If the student is on an ineligible status and fails to attend, the student will remain **ineligible to compete** for an additional academic period.

Academic Deficiency

Failure of a student to meet minimum academic requirements in two or more current classes during an academic period. Minimum requirements are set by each individual classroom teacher and could include failure or incomplete work.

Academic Period

Typically, a three-week period to be determined by the principal and to run concurrently through the year. Quarter grades are looked at first, then semester grades, and final grades if they apply. A schedule of academic periods will be posted at the beginning of each semester.

Study Group

Before school, during homeroom, and after school – a time set aside for high school students to work with teachers in their classrooms.

ICU

ICU is a program used to ensure students are completing all course work. Teachers will place students on the ICU list with missing assignments/tests/quizzes. Once a student is placed on the ICU list, an email and text are generated and sent to their parents notifying them of the deficiency. ACTIVITIES

Luverne High School is a member of the Minnesota State High School League and is governed by the rules, regulations, and eligibility of the League.

Minnesota State High School League and Luverne High School rules concerning the use of mood-altering chemicals:

PHILOSOPHY AND PURPOSE

- A. Philosophy of the Member School Relating to the Use of Mood-Altering Chemicals, i.e., Alcohol, Tobacco, Drugs, and Marijuana.

The Minnesota State High School League recognizes the use of mood-altering chemicals as a significant health problem for many adolescents, resulting in negative effects on behavior, learning and the total development of each individual. The misuse and abuse of mood-altering chemicals for some adolescents affects extracurricular participation and development of related skills. Others are affected by the misuse and abuse by family, team members or other significant persons in their lives.

The close contact in MSHSL activities of advisors and coaches provides them with a unique opportunity to observe, confront and assist young people. The MSHSL, therefore, supports education and awareness training in adolescent chemical use problems including the symptomatology of chemical dependency and special issues affecting League activities for administrators, athletic directors, coaches, advisors, participants and their families.

- B. Statement of Purpose

- (1) To provide consistency with the MSHSL Constitution: "to elevate standards of sportsmanship and to encourage the growth of responsible citizenship among the students, member schools and their personnel."
- (2) To emphasize the schools' concerns for the health of students in areas of safety while participating in activities and the long-term physical and emotional effects of chemical use on their health.
- (3) To promote equality and a sense of order and discipline among students.
- (4) To confirm and support existing state laws which restrict the use of such mood-altering chemicals.
- (5) To establish standards of conduct for those students who are leaders and standard bearers among their peers.

- (6) To assist students who desire to resist peer pressure, which directs them toward the use of mood-altering chemicals.
- (7) To assist students who should be referred for assistance or evaluation regarding their use of mood-altering chemicals.

Activities sponsored by the Minnesota State High School League and the Luverne High School are listed in three (3) categories:

REPORTING ALCOHOL AND CHEMICAL USE

Please be aware of legislation that was passed during the 1988 Minnesota Legislative Year concerning chemical use on the part of our student population. All public schools in Minnesota must establish a chemical abuse pre-assessment team made up of school officials. This team is responsible for addressing reports of chemical use by the students as reported to them.

These reports shall be made, without exception, by all law enforcement people and teachers. The law enforcement agencies must report to the pre-assessment team any and all chemical use, possession or transfer of alcohol or a controlled substance by a student, in writing, within two weeks of the incident. Teachers are required to report whenever this violation occurs on school grounds or during school related activities.

It is the policy of the pre-assessment team to contact students and parents of the affected student and deal with every case in an expeditious and fair manner.

RULES

During the school year or during the season of practice, play or rehearsal, regardless of the quantity, a student shall not use a beverage containing alcohol; use tobacco; or use or consume, have in possession, buy, sell, or give away marijuana or any substance defined by law as a drug. It is not a violation for a student to be in possession of a legally defined drug specifically prescribed for the student's own use by his/her doctor.

PENALTIES FOR CATEGORY III ACTIVITIES

A. First Violation

Penalty: After confirmation of the first violation, the student will not be permitted to actively participate in Category III Activities for a period of three (3) weeks. No exception is permitted for a student who becomes a participant in a treatment program.

B. Second Violation

Penalty: After confirmation of the second violation, the student will not be permitted to actively participate in Category III Activities for a period of six (6) weeks. No exception is permitted for a student who becomes a participant in a treatment program. However, the student in violation must become involved in an approved treatment program before he/she can be reinstated in school-sponsored activities. Certification must be issued by the director or a counselor of a chemical dependency treatment center.

C. Third Violation

Penalty: After confirmation of the third subsequent violation, the students will not be permitted to actively participate in Category III Activities for a period of nine (9) weeks.

If after the third subsequent violation, the student on his/her own volition becomes a participant in a chemical dependency program or treatment program, the student may be certified for reinstatement in activities after a minimum period of six (6) weeks. Such certification must be issued by the director or a counselor of a chemical dependency treatment center.

A student shall be disqualified from all activities for nine weeks beyond the student's original period of ineligibility when the student denies violation of the rule, is allowed to participate and then is subsequently found guilty of the violation.

CRITERIA FOR ACTIVITY AWARDS

Students participating in activities earn points, which are applied toward a Student Activity Pin. One thousand points (1,000) must be earned before a pin is awarded. Beginning with the ninth grade, students may be eligible to earn points toward an Activity Pin. Students become eligible to receive the Student Activity Pin in the 11th grade.
