

Change #1: Last year, students were only issued a proficiency level of a 1,2,3, or 4. However, now that your student is in high school, teachers will be using a conversion scale to calculate posted grades. The conversion will be as followed:

- A= 4-3.5
- B= 3.49-2.89
- C=2.88-2.28
- D= 2.27-1.77
- F= 1.76 and below

Example:

Name	Due Date	Assigned Date	Weight	Pts Poss	Score
Adjective/Adverb Phrases	12/19/2017	12/19/2017	1.0	4	4
Gerunds	12/19/2017	12/19/2017	1.0	4	4
Participial Phrase	12/19/2017	12/19/2017	1.0	4	4
Commas	01/11/2018	12/26/2017	1.0	4	3
Evidence/Citations	01/11/2018	12/26/2017	1.0	4	4

Scores received are averaged, and conversion is applied.

4+4+4+3+4= 19
 19/5=3.8
 Grade Posted=A

Change #2: Parents are encouraged to click beyond the home screen that shows all classes. By clicking on the gradebook icon next to a teacher's name, you will gain a more accurate idea of how your student is performing. See example below.

When in the gradebook, you can see:

- Conversion Scale
- Behavior and Progress Grades (you will not see standard percentages)
- Individual Standards and Scores, allowing you a better understanding of your student's strengths and weaknesses

Teacher: Feltes, Julie
 Teacher's comments: A= 4-3.5 B= 3.49-2.89 C=2.88-2.28 D= 2.27-1.77 F= 1.76 and below

Category: Reading					
Name	Due Date	Assigned Date	Pts Poss	Score	%
Book Project Evidence	01/27/2017	01/27/2017	4	4	

Change #3: Quarter grades are not a finalized grade. When using Standards Based Grading, the quarter grade is seen as a progress report. The only final grade will be the semester grade. Semester grades go on transcripts.

Change #4: Each mark stands for a level of proficiency. Below, you will see what each level means, and it will help you to better understand your student's marks on a standard.

4	Exceeds the Standard	Student can independently apply knowledge and skills to generate new meaning and ideas.
3	Meets the Standard	Student demonstrates grade level expectations for concepts and skills
2	Progressing Toward Standard	With support, student can demonstrate grade level knowledge and skills.
1	Does Not Meet Standard	Student is not yet able to demonstrate grade level knowledge and skills; area of concern
LOE	Lack of Evidence	No evidence is provided
